

Cortexion

Expertise Across Brain Matters

Tobias B. Kulik MD, FAAN, CPPS

Board-Certified Neurologist · Vascular Neurology · Neurocritical Care

100 Sun Ave NE, Ste. 650, Albuquerque, NM 87109 | (650) 203-6000 | expert@cortexion.co | www.cortexion.co

PROFESSIONAL SUMMARY

- Board-certified neurologist with dual subspecialty certification in vascular neurology and neurocritical care, with extensive experience managing complex neurological conditions across the care spectrum. Skilled in diagnosing, acute treatment, and long-term management of ischemic and hemorrhagic stroke, with additional focus on stroke systems of care, outcomes-based interventions, and adherence to standards of care in high-risk cases.
- Specialized in the assessment and management of traumatic brain injury (TBI) and concussion, with advanced training in post-concussive symptom management, neurocognitive rehabilitation, and return-to-activity protocols. Certified ImPACT Consultant (CIC) with clinical experience using standardized concussion tools such as SCAT and SCOAT in both acute and post-acute settings. Frequently involved in the medico-legal evaluation of brain injury, including cases with persistent post-concussive symptoms, athletic head trauma, and neurocognitive impairment.
- Experienced in the diagnosis and management of hypoxic-ischemic brain injury (HIBI), including post-cardiac arrest neuroprognostication, and multimodal outcome assessment. Clinical and medico-legal expertise in evaluating causation, timing, and severity of hypoxic-ischemic injury across acute and post-acute settings.
- Clinical expertise in neuroimmunology disorders, including Guillain-Barré syndrome (GBS), its variants, and other acute immune-mediated neuropathies and CNS conditions. Trained in the recognition, acute management, and long-term prognostication of these conditions through fellowship-level neurocritical care and inpatient neurology experience.
- **Clinical Trials Experience:** Active clinical trials investigator with over a decade of experience spanning protocol implementation, regulatory compliance, adverse event monitoring, patient enrollment, and adherence to Good Clinical Practice (GCP) guidelines. Has served as Site Principal Investigator and Co-Principal Investigator in multicenter randomized controlled trials across stroke, neurocritical care, and cerebrovascular disease, including MOST, CHARM, SATURN, and Sleep SMART. Additional investigator roles in landmark studies, including POINT, SWIFT PRIME, ARCADIA, RHAPSODY, SOCRATES, CASH, MR WITNESS, STOP-IT, and a cerebral cavernous malformation natural history study. Formal GCP certification completed. This clinical trials background provides direct familiarity with protocol design, informed consent processes, data safety monitoring, and the regulatory framework governing investigational therapies, enabling objective assessment of trial conduct, adverse event causation, and adherence to study protocols.
- **Causation Expertise:** Trained in the AMA Guides to the Evaluation of Permanent Impairment (5th & 6th Edition), with ability to provide objective opinions on causation, impairment ratings, and apportionment in neurological injury. Offers dual expertise in both standard of care and causation analysis to support attorneys and courts in complex medico-legal matters.

- Fellow of the American Academy of Neurology (FAAN) and an active member of its Sports Neurology and Concussion Section, the International Society for Cognitive Rehabilitation (ISCR), and the Brain Injury Association of Missouri.
- Former Quality and Safety Officer at a leading academic institution with a proven record of systems improvement, patient safety leadership, and complex case advisement. Certified Professional in Patient Safety (CPPS), with advanced training through the Intermountain Healthcare Quality Program. Committed to high-reliability, evidence-based care, and providing expert-level consulting in both clinical and legal settings.

CLINICAL EXPERIENCE

Saint Luke's Hospital, Marion-Bloch Neuroscience Institute & University of Missouri, Kansas City, MO

Staff Neurologist & Associate Professor

March 2024 to Present

- Neurohospitalist in a Comprehensive Stroke and Level 1 Trauma Center, treating patients throughout the care continuum from the emergency department to the neurocritical care unit and intermediate care unit until discharge.
- Consultative services in the Cancer Center, Cardio-thoracic, Medical and Surgical ICUs, and Medicine services.
- Leading a multi-disciplinary team of physicians, residents, and medical students; collaborating with and supervising the Advanced Practice Provider team.
- Resident and student teaching, onboarding and training of new staff.

Access Telecare (DBA Specialists on Call) - Nationally, Remote Independent Contractor, Tele-Neurologist (Part-time)

July 2023 to October 2025

- Provided routine and emergent neurological evaluations using two-way audio-visual telemedicine.
- Consulted on patients in New Mexico, Arizona, Nevada, California, and Montana.

University of New Mexico — Albuquerque, NM Associate Professor, Department of Neurology

July 2017 to March 2024

- Neurointensivist (50%), Stroke Neurologist (30%), and Neurohospitalist (20%).
- Performed teleneurology evaluations in 21 primary access and rural hospitals within New Mexico.
- Led a multi-disciplinary resident and Advanced Practice Provider team.
- Resident and student teaching responsibilities.
- Provided expert opinions and detailed case analyses for complex neurological malpractice claims and standard of care reviews.
- Collaborated with legal teams to support medico-legal investigations, ensuring evidence-based recommendations.

POSTGRADUATE TRAINING

Neurocritical Care Fellow - Washington University / BJH / SLCH Consortium, Saint Louis, MO

July 2015 – June 2017

Vascular Neurology Fellow - Washington University / BJH / SLCH Consortium, Saint Louis, MO

July 2014 – June 2015

Chief Resident (PGY-4), Neurology - University of Rochester, Rochester, NY

June 2013 – June 2014

Neurology Resident (PGY 2–3) - University of Rochester, Rochester, NY

June 2011 – June 2013

Medical Intern (PGY-1) - University of Rochester, Rochester, NY

June 2010 – June 2011

Associate Scientist, Cerebral Blood Flow Lab, Mount Sinai Hospital, Dept. of Neurosurgery, New York, NY

September 2005 – June 2010

EDUCATION

Ludwig-Maximilians University - Munich, Germany

Clinical Medical Curriculum · May 2000 – September 2005

Max-Planck Institute for Psychiatry - Munich, Germany

Research in Neuropharmacology · March 2001 – June 2005

Johannes-Gutenberg University - Mainz, Germany

Pre-clinical Medical Curriculum · March 1998 – March 2000

BOARD CERTIFICATIONS

Diplomate in Neurocritical Care, American Board of Psychiatry and Neurology

2022 – present

Diplomate in Neurocritical Care, United Council for Neurological Subspecialties

2017 – present

Diplomate in Vascular Neurology, American Board of Psychiatry and Neurology

2016 – present

Diplomate in Neurology, American Board of Psychiatry and Neurology

2014 – present

MEDICAL LICENSURE

Licensure details available upon request.

PROFESSIONAL CERTIFICATIONS

- ABIME Certified Independent Medical Examiner, November 2025
- Good Clinical Practice (GCP) Certification, Current

- Certified Professional in Patient Safety (CPPS), Institute for Healthcare Improvement, Current
- Certified Professional, AHA Telehealth Stroke, Current
- NIH Stroke Scale Certification, Current
- Modified Rankin Scale Certification, Current
- Advanced Cardiac Life Support (ACLS), Current
- Basic Life Support (BLS), Current
- Emergency Neurological Life Support (ENLS), Current
- Brain Death Certification, Neurocritical Care Society, Does not expire
- Certified ImPACT Consultant, Current

PROFESSIONAL MEMBERSHIPS

- Fellow of the American Academy of Neurology (FAAN)
- American Board of Independent Medical Examiners (ABIME)
- American Heart Association
- Institute for Healthcare Improvement
- Neurocritical Care Society
- Society of Critical Care Medicine
- The Association of Physician Leaders
- American College of Legal Medicine
- AAN Sports Neurology and Concussion Section
- Brain Injury Association of Missouri (BIA-MO)
- International Society for Cognitive Rehabilitation (ISCR)
- International Brain Injury Association (IBIA)

PROCEDURES

Proficient in advanced neurological procedures, including lumbar puncture, neuroimaging interpretation (CT, MRI, and angiography), hyperacute stroke treatment (IV thrombolysis, thrombectomy oversight), intracranial pressure monitoring, and advanced neurocritical care interventions such as external ventricular drain placement and management. Experienced in utilizing cutting-edge diagnostic tools for accurate case assessments and analyses.

CLINICAL TRIALS

NCT03936361 — StATins Use in intracerebral hemorrhage patients (SATURN)

Sponsor: NIH/NINDS (StrokeNet) | PI: Selim

Role: Co-Principal Investigator, Current

NCT03812653 — Sleep for Stroke Management and Recovery Trial (Sleep SMART)

Sponsor: NIH/NINDS (StrokeNet) | PI: Brown

Role: Co-Principal Investigator (Enrollment Closed)

NCT03735979 — Multi-arm Optimization of Stroke Thrombolysis (MOST)

Sponsor: University of Cincinnati | PI: Adeoye

Role: Site PI, June 2019 – June 2023

NCT02864953 — Phase 3 Efficacy and Safety of IV Glibenclamide for Severe Cerebral Edema Following Large Hemispheric Infarction (CHARM)

Sponsor: Biogen

Role: Site PI, July 2019 – July 2022

NCT03192215 — Atrial Cardiopathy and Antithrombotic Drugs in Prevention After Cryptogenic Stroke (ARCADIA)

Sponsor: Columbia University | PI: Elkind

Role: Co-Investigator

NCT03652181 — Cavernous Angiomas with Symptomatic Hemorrhage (CASH)

Sponsor: University of Chicago | PI: Awad

Role: Co-Investigator, August 2018 – June 2022

NCT01764529 — Modifiers of Disease Severity in Cerebral Cavernous Malformations

Sponsor: UCSF | PI: Kim

Role: Co-Investigator, July 2019 – July 2022

NCT02222714 — Safety Evaluation of 3K3A-APC in Ischemic Stroke (RHAPSODY)

Sponsor: ZZ Biotech | PI: Lyden

Role: Co-Investigator, July 2014 – July 2016

NCT00810888 — The Spot Sign for Predicting and Treating ICH Growth Study (STOP-IT)

Sponsor: University of Cincinnati | PI: Flaherty

Role: Co-Investigator, July 2014 – May 2016

NCT01994720 — Acute Stroke or TIA Treated with Aspirin or Ticagrelor and Patient Outcomes (SOCRATES)

Sponsor: AstraZeneca

Role: Co-Investigator, July 2014 – February 2015

NCT00991029 — Platelet Oriented Inhibition in New TIA and Minor Ischemic Stroke (POINT)

Sponsor: UCSF | PI: Johnston

Role: Co-Investigator, July 2014 – July 2015

NCT01657461 — Solitaire with Intention for Thrombectomy as Primary Endovascular Treatment (SWIFT PRIME)

Sponsor: Medtronic | PI: Saver

Role: Sub-Investigator, July 2014 – January 2015

NCT01282242 — MR WITNESS: IV Thrombolysis with Alteplase in MRI-Selected Patients

Sponsor: Genentech; NINDS | PI: Schwamm

Role: Co-Investigator, July 2014 – July 2015

ACADEMIC SERVICES & COMMITTEES

Hospital Administrative Positions

- Medical Director, Neuroscience ICU, University of New Mexico — Dec 2020 to Mar 2024
- Associate Medical Director, Neuroscience ICU, University of New Mexico — Jul 2018 to Dec 2020
- Director of Quality, Stroke Center, University of New Mexico — Mar 2019 to Mar 2024

Departmental Administrative Positions

- Section Chief — Stroke, Inpatient Neurology, Neurocritical Care, UNM — Mar 2020 to Mar 2024
- Vice Chair for Hospital Affairs and Quality, Dept. of Neurology, UNM — Dec 2019 to Mar 2024
- Quality and Safety Officer, Dept. of Neurology, UNM — Jul 2018 to Mar 2024

Educational Positions

- Program Director, Vascular Neurology Fellowship, UNM — Jun 2018 to Mar 2024
- Program Director, Pre-Residency Fellowship, UNM — Dec 2018 to Jun 2024

Committee Memberships

- Neuroscience Evidence-Based Treatment Committee, Saint Luke's — Oct 2024 to current
- Brain Death Committee, Saint Luke's — Mar 2024 to current
- Pharmacy and Therapeutics Committee, Saint Luke's — Jul 2024 to current
- Executive Quality Oversight Committee, UNM — Jun 2022 to Mar 2024
- Quality Oversight Committee, UNM — Jun 2021 to Mar 2024
- Hospital-wide Mortality Review Committee, UNM — Jul 2019 to Mar 2024
- Neurology Clinical Competency Committee, UNM — Jul 2019 to Mar 2024
- Neurology Program Evaluation Committee, UNM — Jul 2018 to Mar 2024
- Stroke Leadership Committee, UNM — Jul 2017 to Mar 2024
- AAN Concussion Section — Jul 2025 to current

AWARDS & HONORS

- Board Member, Kansas City Neuroscience Society
- Resident Faculty Teaching Award, University of Missouri–Kansas City — 2025
- Top Doc, Albuquerque The Magazine — 2023, 2022, 2020
- Teaching Award, University of New Mexico — 2023, 2022, 2021, 2020, 2019
- Professionalism Award, Department of Neurology, University of New Mexico — 2022
- Various societal travel awards to attend annual conferences

Yuan K, Dhar R, Kulik T, et al. "CSF Volumetric Analysis Reliably Quantifies Cerebral Edema and Correlates with Clinical Deterioration in Large Hemispheric Infarcts." International Stroke Conference, February 2015.

Delivered 7 additional presentations prior to 2015, covering stroke management, resident teaching, and basic neurosciences.

INVITED TALKS & LECTURES

- Stroke 2026: Faster Drugs, Wider Windows, Harder Questions. Grand Rounds, Department of Neuroscience, Saint Luke's Health System, Kansas City, MO, February 2026
- Updates in Stroke — UMKC Residents, Kansas City, MO, August 2025
- Stroke Mimics — Bi-State Stroke Symposium, Lee's Summit, MO, July 2025
- Updates in Stroke for Internists — UMKC, Kansas City, June 2024
- Update in SAH Management — Neurocritical Care Conference, UNM, January 2023
- Intracranial Hemorrhage — 4th Year Medical Students, Myanmar Medical School, December 2022
- Predictors of Extubation Failure in the Neuroscience ICU — Neuroscience Grand Rounds, UNM, October 2022
- Updates on Secondary Stroke Prophylaxis — Stroke Survivor Group, AHA NM Chapter, August 2022
- Project ECHO: Neurologic Prognostication After Cardiac Arrest — Albuquerque, NM, April 2022

- Stroke Mimics — NM Systems of Care Conference, September 2021
- Neuroscience ICU: Welcome to the Team — NCC Fellow Conference, UNM, July 2021
- Update in TBI — Critical Care Fellow Conference, UNM, March 2021
- Update in Acute Stroke Care — Internal Medicine Grand Rounds, UNM, May 2019
- Early and Late Medical Complications of Stroke — UNM, September 2018
- Strategies for the Prevention of Vasospasm after aSAH — Neuroscience Grand Rounds, UNM, August 2018
- The Clinical Brain Death Exam — UNM, July 2018
- Post-Acute Ischemic Stroke Treatment in the Neuroscience ICU — ACCESS Telemedicine Conference, Santa Fe, April 2018
- Hot Topics in Medical Management of Spontaneous ICH — Neuroscience Grand Rounds, UNM, July 2017
- New Developments in Medical Management of Spontaneous ICH — Neurosurgery Grand Rounds, Washington University, November 2016
- Brainstem Auditory Evoked Potentials for Early Detection of Symptomatic Mass Effect with Acute Posterior Fossa Stroke — NCC Research Conference, Houston, May 2016
- What I Learned at the International Stroke Conference — Washington University, March 2015

Delivered more than 18 additional invited talks prior to 2015 covering neurology, stroke, neurophysiology, and basic neuroscience.
